## Reader's Opinions

It takes a lot of plant knowledge to get into the substrate of "Beachy Head." But my impression is that she evokes a kind of swampy romantic vision of nature rooted in her childhood, ridicules more masculine pastoral version of romanticism, and then shoots it in the head and stuffs the body in a hole. Literally, it ends with a corpse....

Well I didn't totally understand it. But then I didn't want to, so fair dues.
