# THE BEST BOOK OF EARLY PEOPLE

Children are very curious about who their prehistoric ancestors were, how they lived, and what they may have looked like, and this new Best Book is just the source to satisfy emerging anthropologists.Children will learn how early families survived, hunted, gathered into primitive settlements, began to use tools, and invented farming techniques. Step-by-step illustrations and captions explore ancient villages and the work of the scientists who find and catalog their discoveries.

Reader's Opinions

This is a great book that introduces basic evolutionary theory to children. The text is simple, the photos are attractive, and the book held the attention of my 7 year old....
